Bowling Pin Rules

All range rules enforced

1. Eye & ear protection must be worn by **all shooters and spectators** at all times.
2. No firearm handling except when in designated safe area or after given load command by range officer.
3. Firearms to be brought to the firing line cased or holstered (cylinder empty, chamber empty and magazines removed).
4. When range officer states "load and make ready" that is your command to load and come to the low ready position.
5. The load will consist of six rounds in a magazine or cylinder, there will be no reloads aloud during the event.
6. When start signal sounds, shooters commence firing.
7. Each shooter shoots pins from table. When the last pin has cleared the table shooter is to unload firearm and show timer the empty cylinder or chamber. Firearms will then be cased, holstered or tabled.
8. When range officer declares "the line is clear", the shooters will then proceed down range to reset pins on table for next shooters, and police brass.
9. **Firearm handling while pin setters are down range is expressly forbidden.**
